

Mockup Review Notes

Lina Chang

4/22/20

Friends Microsite

1. Think about sizing the images according to the screen size, so that audience can comfortably see each image.
2. More neat, simple designs matching the purpose of text.
3. Color combination on the page is important for the user experience as well.
4. Organizing texts, emphasizing some of its words, that user can easily follow along.
5. Choose a theme of the whole design. Constant and effective.
